

SLIME RECIPES

Quick Baking Soda Slime Recipe

1 cup baking soda

1 tablespoon shampoo

Place the baking soda in the bowl and pour in the shampoo. Stir until it becomes like putty. Use your hands to work it into the slime. (May take a while, keep adding baking soda if it sticks to your fingers). The slime will feel smooth in your hands.

Quick Corn Starch Slime Recipe

1 cup corn starch

1 tablespoon liquid hair conditioner

Place the corn starch into a bowl and pour in the conditioner. Stir until it mixes together. Use your hands to work it into the slime (may take a while, keep adding corn starch if it is too sticky). The will feel smooth in your hands.

Quick Puffy Slime Recipe

Glue (half a bottle)

Water (2 tablespoons)

Shaving foam

Salt water (1 teaspoon salt + 1
tablespoon water)

Food coloring

In a separate cup, mix the salt water solution and put it aside for later. Pour the glue into a large bowl and add the water. Stir until smooth. If you would like color, add a few drops of food coloring and stir until mixed. Spray shaving foam into the bowl. Continue to stir until the mixture looks smooth. Add as much shaving cream as you'd like. Sprinkle a little bit of the salt water at a time as you continue to stir. Use your hands to mix and pull the puffy slime.

Laundry Detergent Slime

Laundry Detergent (or body gel, shampoo, or dish detergent) (1-2 cups)

Salt (1 tablespoon)

Pour the detergent into a bowl and sprinkle salt on top. Stir completely. Let the mixture sit and dry out for 4-6 days without a top. Remove from the container and enjoy!
